# Supporting our Frontline Workers!

## Support our Frontline Workers!

Throughout this time, there are many important “frontline workers” who are helping take care of sick patients in our country. It is important that we thank them for all of their hard work. Draw a picture to thank frontline workers! Post this picture in your window!

Who are frontline workers?

- Doctors, nurses, firemen, police officers, grocery store clerks, store operators, and more! There are so many people that are helping our community through Covid-19.
